

# MATH OLYMPIAD 2016-17

JFS Parents:

We are glad to bring Math Olympiad at our School!

## **Math Olympiad Class Section**

We are very excited to offer this after school program whose goal is to stimulate enthusiasm and love for Mathematics. Our team of students meet once a week to learn different problem solving techniques and practice solving non-typical math problems. Math Olympiad contest consists of 5 exams held once a month from November to March. Our teacher, Nanitha Yamani, is one of our very own JFS parents and has agreed to volunteer her time teaching in this program. She has Master's Degree in Computer Science and Business Analyst background. She has experience with Math Bees and Math contests.
